GERMANY PROTESTS OCCUPATION EXTENSION

CHANCELLOR CUNO HAS CONVENED THE REICHSTAG TODAY

EVEN AS PARLIAMENT SAT,
WORD BROUGHT OF 3 NEW
TOWNS TAKEN

REMSCHIED, KRONENBERG AND
WEPFERFUERTH TAKEN WID-
EN RUHR SCOPE

(By United Press)
Berlin, March 6.—Chancellor Cuno
convened the Reichstag today for a
meeting of strong protest against
extension of French occupation of
Ruhr and Rhineland territory.

Even as the parliament met, word
was received that the French had
pushed forward further occupying
Remscheid, Kronenberg and Wepfer-
fuert, east and southeast of Dussel-
dorf.

The move widens the base of the
Ruhr.

Speakers of all parties of the
Reichstag had vigorous speeches of
protest ready for the crowded house
when the members met.

The session was two days in ad-
vance of the date originally set.
Chancellor Cuno having called it
hurriedly when Darmstadt, Karls-
ruhe and Mannheim were occupied.

French Repudiate Charges

Paris, March 6.—The French had
ready a repudiation of Chancellor
Cuno's charges and protest regard-
ing extension of the occupied areas
today. A semi-official note denying
France had any idea of seeking an
annexation, points out that this
country has expended nearly fifty-
four billion francs on the devastated
areas while Germany's total reparations
payments have been but six
billion marks, and that the Germans
having manipulated the marks are
buying coal aboard.

Interfere With American Commerce

Washington, March 6.—Serious in-
terference with the commerce of
American firms in the Ruhr valley
has developed from the French occu-
pation, Secretary of Commerce Hoover
declared today.

Scores of complaints have been re-
ceived from American importers and
exporters by government departments
Hoover stated.

The situation, however, Hoover
explained, may be the result of con-
fusion attendant to the occupation
and not to any definite policy of ob-
struction by the French government.

Cannot Consider Intervention

Berlin, March 6.—Germany cannot
consider intervention at the present
time, Chancellor Cuno declared in a
speech to the Reichstag today deal-
ing with the situation in the Ruhr.

Later on Cuno said the German
government might listen to a third
party attempting to intervene pro-
vided Germany entered into any
agreement reached on an equal foot-
ing. Cuno frequently alluded to al-
leged French atrocities in the occu-
pied areas.

"It is strange that the world is
sensing what is going on in the Ruhr
without making any effort to inter-
vene," he said.

MEMORIAL DAY SPEEDWAY RACES

TO BE HELD AS USUAL AT IN-
DIANAPOLIS, DEFINITELY
ESTABLISHED

(By United Press)
Indianapolis, March 6.—The fa-
mous Indianapolis speedway races
will be held on Memorial day, the
usual date.

This was definitely established to-
day when the Indiana state senate
just before adjourning refused to
override the veto of Governor War-
ren McCray of the bill preventing
commercial sports, including the clas-
sic five hundred mile races being
staged on Memorial day. The bill
was fostered by the American Legion.

Harding and Hughes Campaign for World Court

AMERICAN TELEPHONE & TELEGRAPH COMPANY TO BECOME WORLD'S LARGEST CORPORATION; BILLION DOLLAR CONCERN

(By United Press)
New York, March 6.—The American
Telephone and Telegraph company,
parent of the Bell and others, will be-
come the world's largest corporation,
and America's first billion dollar con-
cern, if stockholders approve plans
to increase capitalization, it was an-
nounced today.

The directors have recommended
that the capital stock be increased
from \$750,000,000 to \$1,000,000,000
making the company larger than the
United States Steel corporation and
General Motors.

The stockholders will vote on the
proposal March 27th. Their approval

is regarded as certain.
The A. T. & T. which took over the
Bell company in 1900 had available
for dividends \$11.14 a share of \$100
par value last year, the dividend bal-
ance representing an increase of 20
per cent over 1921, totaling well over
\$66,000,000.

If the recommended increase is ap-
proved, the telephone company will
have an authorized capital of \$500,000,
000 more than the steel corporations.
No new stock offering is contemplated
in 1923, according to President Thayer,
all additional stock being needed for
commitments.

3 BANK GUARANTEE BILLS KILLED IN HOUSE COMMITTEE

FARMER LABOR MEMBERS MAY
THIS AFTERNOON OVERRIDE
COMMITTEE REPORT

BILL PROHIBITING BRANCH IN-
STITUTIONS STATE BANKS
WAS RECOMMENDED

(By United Press)
St. Paul, March 6.—By a vote of 11
to 1 the house committee on banks
today voted to kill the three bank
guarantee bills in the legislature.

The committee recommendation is
expected to encounter opposition on
the floor from farmer labor members
of the house this afternoon. An at-
tempt may be made to override the
committee report.

Each of the three bills provides
for establishment of a fund from one
per cent of all deposits in state
banks to safeguard depositors from
possible loss. The bills differed prin-
cipally in the method of raising the
funds.

The bill prohibiting the state
banks and trust companies from es-
tablishing branch institutions was
recommended for passage by the
committee today.

State Forestry Board Change
Control of the state forestry board
would be taken from the governor
by a bill introduced in the state sen-
ate today.

At present seven of the nine mem-
bers are appointed by the governor
and the board in turn appoints the
state forester. The new bill provid-
es that three members shall be ap-
pointed by the governor and the other
six places filled by the dean of the
agricultural school, a director of the
school of forestry, the president of
the Minnesota federation of women's
clubs, the president of the League of
Minnesota municipalities, president
of the Minnesota Forestry associa-
tion, and president of the State Agri-
cultural society.

All members would serve without
compensation as at present.

Capital Punishment Bill Returned
A bill providing for capital pun-
ishment for premeditated murder
was returned to its authors by the
house crime prevention committee to-
day. The senate a short time ago
voted against capital punishment so
it was considered useless to push the
measures.

Michael J. Dowling Home
A bill providing for establishment
of the Michael J. Dowling home for
crippled children was introduced in
the senate today.

The bill introduced by Senator J.
A. Jackson, provides for \$50,000 ap-
propriation by the state to which
will be added a \$50,000 dona-
tion from the state bankers asso-
ciation and the Minnesota editorial
association.

Repealing Indeterminate Sentence
Act

Two bills, one providing for mod-
ification and the other for repeal of
the indeterminate sentence act were
returned to the house without rec-

ommendation today by the crime
prevention committee.

The first bill introduced by Repre-
sentative J. B. Hampe provides for
absolute repeal of the law and will
be placed on general orders first.

If this bill fails to pass, efforts will
be concentrated on putting through
the other bill which provides that all
prisoners must serve at least half of
the maximum sentence.

It also provides that all records of
the state parole board must be open
to the public and that applications
for parole and recommendations to
the governor must be announced.
This bill is sponsored by Representa-
tives John Gislason, L. O. Tiegen and
Theodore Christenson.

Both measures are intended to
prevent a repetition of the criticism
of the parole board which followed
release of a number of criminals last
year.

WEEKS ENDS GOLTRA BARGE CONTRACT

MISSISSIPPI RIVER AGREEMENT
HELD VIOLATED BECAUSE OF
NONCOMPLIANCE

Washington, March 6.—The con-
tract of George F. Goltra of St. Lo-
uis for operation of the Mississippi
barge line, was revoked by Secretary
of War John W. Weeks, who took the
position that the agreement had been
violated because of noncompliance
by Mr. Goltra.

Note.—Mr. Goltra was in Brainerd
and was interviewed by the Dispatch
on the occasion of his first ship-
ments, when he sent Cuyuna range
iron ore to St. Paul by rail and
there loaded several barges with the
ore from the Merritt mine at Trom-
mald. Mr. Goltra was connected with
the Mississippi Valley Iron & Steel
Co. having blast furnaces near St.
Louis. He was taken on a range in-
spection tour here at the time by
Carl Zapffe.

Federal System May Get Fleet
of Barges

St. Louis, March 6.—The fleet of
the Mississippi Barge line consisting
of four towboats and 19 barges in
all, probably will be turned over
to the Mississippi-Warrior River
Barge line, the federal system on the
lower Mississippi and Warrior rivers,
it was stated here following the
revocation of the contract of Edward
F. Goltra for operation of the line.

It was charged that Goltra, who
entered into the contract with the
war department two years ago to
transport freight on the upper Mis-
sissippi, made no attempt to estab-
lish a regular service, the line mak-
ing but two towns, and only three
of the 19 barges being loaded.

Aside from the announcement that
the contract has been revoked no
comment was forthcoming from the
war department.

St. Cloud, Minn., March 6.—R. H.
Hutchinson, Spokane, chairman of
the Central Finance committee, has
called a stockholders meeting of the
Pan Motor company, in receivership,
to be conducted here today to out-
line plans for protecting original in-
vestments.

GENERAL MOTORS MAY ERECT HUGE PLANT NEAR FORD

ONE BIG INDUSTRY DRAWS AN-
OTHER TO STATE OF MIN-
NESOTA

STATED GENERAL MOTORS SEEKS
100 ACRE TRACT NEAR THE
FORD PLANT

(By United Press)
St. Paul, March 6.—Reports current
in financial circles here today that
General Motors seeks a one hundred
acre tract near the site of the new
Henry Ford plant, were neither af-
firmed or denied by officials.

J. O. Palmer, general manager of
the Chevrolet Motors company, Det-
roit, telegraphed: "Cannot confirm re-
port of purchase."

The reported move of General Mo-
tors would be in accord with a de-
centralized program such as that in-
augurated by Henry Ford.

Members of the St. Paul committee
said they would "take up the General
Motors matters later."

A prominent realtor said, "I cannot
say anything about the reported trans-
action, but would not attempt to deny
it."

Henry Ford has just completed plans
for a \$10,000,000 manufacturing and
distributing plant here.

GOVERNMENT SENDS INCOME TAX MAN TO ASSIST CITIZENS

The government has sent to
Brainerd an income tax expert to
assist taxpayers in making out
their returns.

George Meekes, from the St.
Cloud division office, will be in
Brainerd March 6, 7, 8 and 9, and
will have his headquarters in an
office room of the basement of the
postoffice.

CLOSE FINISHES AT DOG DERBY

FEATURED SECOND DAY OF WIN-
TER SPORTS AT BANFF, AL-
BERTA, CANADA

Banff, Alberta, March 6.—Some
sensational finishes featured the sec-
ond day of the dog races here yester-
day.

Shorty Russick winner of the 100
mile derby here Saturday carrying
Lillian Rich, movie actress, won the
one mile speed race in an exceed-
ingly short time, four minutes, two sec-
onds. All other competitors drove
their teams alone. Earl Brydges
took second, and Frank Horner, a
local boy driving a lone collier took
third.

After a late start of six minutes,
Earl Brydges won the five mile speed
race in 34 minutes, 20 seconds.
Solomon Cook with a broken
sleigh was first across the finish line
in the five mile freight race, 109
pounds to the dog, with Mrs. Davis
Drummond second and Phil Chan-
dler, motion picture actor, third.

MAIL ORDER CATALOG DESTRUCTION BANNED

Washington, March 6.—The fed-
eral trade commission, as the govern-
ment's arbiter of the fairness of
American business methods announ-
ced that it had formally put the
stamp of its disapproval of the prac-
tice of attempting to eliminate com-
petition by wholesale destruction of
mail order catalogues. Acting in a
case brought from Missoula, Mont.,
the commission held that for local
merchants, through their chamber of
commerce, to offer bounties for mail
order catalogues in order to collect
them for destruction, constitutes a
hindrance to interstate commerce.

MINNESOTA COOPERATIVE CREAMERIES ASSOCIATION MADE AN EXTRA MILLION FOR FARMERS OF THE STATE LAST YEAR

(By United Press)
St. Paul, March 6.—The Minnesota
Cooperative Creameries association
made an extra \$1,000,000 for farmers
of the state last year, according to
A. J. McGuire, general manager.

The statement was made in his re-
port to the annual meeting of the as-
sociation today.

Accrued savings on reduced freight
rates, on carload shipments, coopera-
tive buying of supplies, freight ad-
justments by the traffic department,
increased quality of butterfat and
other factors enabling the association
to net the farmers approximately \$1,-
000,000 more than they would have
otherwise received for their products,
according to Mr. McGuire.

"All creameries in the state are
profiting as a result of the activities
of the association," said McGuire.

"Of the 600 cooperative creameries
in the state, 403 are now members of
the association."

President William Harpel, of Glen-
coe, Secretary John Brandt, of Litch-
field, and Treasurer Isaac Emerson, of
Skyberg, also made their annual re-
ports today. Governor Preus was to
address the meeting this afternoon.
Officers will be elected late today.

HUGE WHEAT POOL PLANNED BY GROWERS

(By United Press)
St. Paul, March 6.—A wheat pool
of about 50,000,000 was planned to-
day by the Northwest Wheat Grow-
ers association. This is double the
pool of last year.

Plans for expansion of the pool
will be laid here Thursday at a con-
ference of the organization which is
a federation of North Dakota, Mon-
tana, Washington, Oregon and Idaho
state associations. Under the new
plan this federation will be super-
seded by a new organization, the
American Wheat Growers association.

Cooperative organizations in South
Dakota, Kansas, Nebraska, Colora-
do and possibly Texas will be added.
The expansion will make a pool
of about 50,000,000 bushels accord-
ing to George E. Jewell, general
manager of the Northwest Wheat
Growers.

SUPREMACY OF HOODED MOBS

COMES TO A TEST IN MORE-
HOUSE PARISH AT GRAND
JURY PROBE

(By United Press)
Bastrop, La., March 6.—Suprema-
cy of hooded mobs came to a test
in Morehouse Parish today as a grand
jury began investigation of the reign
of terror which gripped Bastrop and
Mer Rouge for a year.

Attorney General Cocco was ready
to go before the inquisitorial today
and present evidence on which he ex-
pects indictments of the murderers
of Watt Daniels and Thomas Rich-
ards whose mutilated bodies were
found in Lake LaFourche months af-
ter they had been kidnapped and fog-
ged by masked men.

Charges against night riders who
have intimidated, flogged and de-
ported persons in the community al-
so will be asked.

The state officials intend to lead
the grand jury over the entire course
of the open hearings continued here
a month ago.

The reign of terror also will be de-
tailed at the hearings by men who
had participated in the outlawry and
by victims of the night attackers.

VANDERBILT TO WED GLORIA SWANSON

(By United Press)
New York, March 6.—Reginald C.
Vanderbilt, millionaire son of Corne-
lius Vanderbilt, and Miss Gloria
Morgan, daughter of Harry Hayes
Morgan, United States consul gen-
eral at Brussels, obtained a marriage
license in the municipal building be-
fore noon today, a few hours before
their fashionable wedding in the
Park avenue home of the bride's par-
ents.

New York, March 6.—Reginald E.
Vanderbilt and Gloria Morgan were
married here today at the home of
Bonder Horstach at 6 East 92nd
street.

PRESIDENT AND THE SECRETARY STATE TO STUMP COUNTRY

FOR AMERICAN PARTICIPATION
IN COURT OF INTERNATIONAL
JUSTICE

CONGRESS HAS PROVIDED FUNDS
FOR EXTENDED SPEAKING
TOUR BY PRESIDENT

(By United Press)
Washington, March 6.—President
Harding and Secretary of State
Hughes during the long recess of con-
gress will "stump" the country for
American participation in the perma-
nent court of international justice at
The Hague, according to close friends
of the executive.

In much the same fashion as Wood-
row Wilson four years ago made an
extended speaking tour in the coun-
try west of the Mississippi in the fu-
tile hope of obtaining American ap-
proval for the League of Nations,
President Harding this summer will
go over a similar route and in direct
appeals to the American public ask
that the country ratify his proposal
for American participation in the in-
ternational arbitration court.

Congress has provided for additional
funds for an extended speaking tour
by the president.

Last year the president spent less
than half his annual \$25,000 traveling
fund. In the deficiency bill passed in
the closing hours of congress, it was
provided that this unexpected balance
might be added to this fund.

Congressional leaders were inform-
ed that the president would go to the
Pacific coast and probably to Alaska.
Along the route he is certain to
make speeches with the prospect that
during the tour he will deliver 15 to
25 important addresses. Much of the
criticism of the Harding foreign policy
has come from the west.

Hughes, who is generally credited
here with being responsible for the
proposal, is expected to deliver a se-
ries of speeches in the east while the
president is making his first visit to
the far west.

ALLEGED INDICTMENTS ILLEGALLY BROUGHT

Fargo, March 6.—Alleged indict-
ments against all former officials of
the Scandinavian American bank
here were illegally brought, attor-
neys for H. J. Hagen, Seattle, former
president of the bank sought a
demurrer today. The arguments
were expected to take two days.

The indictments were brought last
fall, following closure of the institu-
tion. It was alleged state deposits
were handled illegally and that offi-
cials of the bank knew its condition
before it was closed and concealed
the facts from the state examiner.

Attorneys for the defendants al-
leged the grand jury was illegally
prejudiced, that the indictments
were illegally brought, and that the
court erred. A change of venue was
taken to Ransom county last fall,
but by stipulation attorneys agreed
to appear before Judge George Mc-
Kenna here to argue the demurrer.

CHARGES UNLAWFUL DIVERSION OF WATER

WISCONSIN GOVERNOR ASKS
OTHER STATES TO JOIN IN
SUIT AGAINST ILLINOIS

(By United Press)
Madison, Wis., March 6.—Governor
John J. Blaine for the state of Wis-
consin today wired the governors of
Minnesota, Michigan and Indiana
asking them to join Wisconsin in her
suit in the United States supreme
court against the state of Illinois.
The suit asks that the Chicago
drainage district be enjoined from
the "unlawful" diversion of waters
from Lake Michigan.

GOVERNMENT SENDS INCOME TAX MAN TO ASSIST CITIZENS

The government has sent to
Brainerd an income tax expert to
assist taxpayers in making out
their returns.

George Meekes, from the St.
Cloud division office, will be in
Brainerd March 6, 7, 8 and 9, and
will have his headquarters in an
office room of the basement of the
postoffice.

CLOSE FINISHES AT DOG DERBY

FEATURED SECOND DAY OF WIN-
TER SPORTS AT BANFF, AL-
BERTA, CANADA

Banff, Alberta, March 6.—Some
sensational finishes featured the sec-
ond day of the dog races here yester-
day.

Shorty Russick winner of the 100
mile derby here Saturday carrying
Lillian Rich, movie actress, won the
one mile speed race in an exceed-
ingly short time, four minutes, two sec-
onds. All other competitors drove
their teams alone. Earl Brydges
took second, and Frank Horner, a
local boy driving a lone collie took
third.

After a late start of six minutes,
Earl Brydges won the five mile speed
race in 34 minutes, 20 seconds.
Solomon Cook with a broken
sleigh was first across the finish line
in the five mile freight race, 100
pounds to the dog, with Mrs. Davis
Drummond second and Phil Chan-
dler, motion picture actor, third.

MAIL ORDER CATALOG DESTRUCTION BANNED

Washington, March 6.—The federal
trade commission, as the govern-
ment's arbiter of the fairness of
American business methods announced
that it had formally put the
stamp of its disapproval of the prac-
tice of attempting to eliminate com-
petition by wholesale destruction of
mail order catalogues. Acting in a
case brought from Missoula, Mont.,
the commission held that for local
merchants, through their chamber of
commerce, to offer bounties for mail
order catalogues in order to collect
them for destruction, constitutes a
hindrance to interstate commerce.

MINNESOTA COOPERATIVE CREAMERIES ASSOCIATION MADE AN EXTRA MILLION FOR FARMERS OF THE STATE LAST YEAR

(By United Press)
St. Paul, March 6.—The Minnesota
Cooperative Creameries association
made an extra \$1,000,000 for farmers
of the state last year, according to
A. J. McGuire, general manager.

The statement was made in his re-
port to the annual meeting of the as-
sociation today.

Accrued savings on reduced freight
rates, on carload shipments, cooper-
ative buying of supplies, freight ad-
justments by the traffic department,
increased quality of butterfat and
other factors enabling the association
to net the farmers approximately \$1-

000,000 more than they would have
otherwise received for their products,
according to Mr. McGuire.

"All creameries in the state are
profiting as a result of the activities
of the association," said McGuire.

"Of the 600 cooperative creameries
in the state, 403 are now members of
the association."

President William Harpel, of Glen-
coe, Secretary John Brandt, of Litch-
field, and Treasurer Isaac Emerson, of
Skyberg, also made their annual re-
ports today. Governor Preus was to
address the meeting this afternoon.
Officers will be elected late today.

HUGE WHEAT POOL PLANNED BY GROWERS

(By United Press)
St. Paul, March 6.—A wheat pool
of about 50,000,000 was planned to-
day by the Northwest Wheat Grow-
ers association. This is double the
pool of last year.

Plans for expansion of the pool
will be laid here Thursday at a con-
ference of the organization which is
a federation of North Dakota, Mon-
tana, Washington, Oregon and Idaho
state associations. Under the new
plan this federation will be super-
ceded by a new organization, the
American Wheat Growers association.

Cooperative organizations in South
Dakota, Kansas, Nebraska, Colora-
do and possibly Texas will be added.
The expansion will make a pool
of about 50,000,000 bushels accord-
ing to George E. Jewell, general
manager of the Northwest Wheat
Growers.

SUPREMACY OF HOODED MOBS

COMES TO A TEST IN MORE-
HOUSE PARISH AT GRAND
JURY PROBE

(By United Press)
Bastrop, La., March 6.—Suprem-
acy of hooded mobs came to a test
in Morehouse Parish today as a grand
jury began investigation of the reign
of terror which gripped Bastrop and
Mer Rouge for a year.

Attorney General Cocco was ready
to go before the inquisitorial today
and present evidence on which he ex-
pects indictments of the murderers
of Watt Daniels and Thomas Rich-
ards whose mutilated bodies were
found in Lake LaFourche months af-
ter they had been kidnapped and flog-
ged by masked men.

Charges against night riders who
have intimidated, flogged and de-
ported persons in the community al-
so will be asked.

The state officials intend to lead
the grand jury over the entire course
of the open hearings continued here
a month ago.

The reign of terror also will be de-
tailed at the hearings by men who
had participated in the outlawry and
by victims of the night attackers.

VANDERBILT TO WED GLORIA SWANSON

(By United Press)
New York, March 6.—Reginald C.
Vanderbilt, millionaire son of Corne-
lius Vanderbilt, and Miss Gloria
Morgan, daughter of Harry Hayes
Morgan, United States consul gen-
eral at Brussels, obtained a marriage
license in the municipal building be-
fore noon today, a few hours before
their fashionable wedding in the
Park avenue home of the bride's par-
ents.

New York, March 6.—Reginald E.
Vanderbilt and Gloria Morgan were
married here today at the home of
Bonder Horstach at 6 East 92nd
street.

PRESIDENT AND THE SECRETARY STATE TO STUMP COUNTRY

FOR AMERICAN PARTICIPATION
IN COURT OF INTERNATIONAL
JUSTICE

CONGRESS HAS PROVIDED FUNDS
FOR EXTENDED SPEAKING
TOUR BY PRESIDENT

(By United Press)
Washington, March 6.—President
Harding and Secretary of State
Hughes during the long recess of con-
gress will "stump" the country for
American participation in the perma-
nent court of international justice at
The Hague, according to close friends
of the executive.

In much the same fashion as Wood-
row Wilson four years ago made an
extended speaking tour in the coun-
try west of the Mississippi in the fu-
ture hope of obtaining American ap-
proval for the League of Nations,
President Harding this summer will
go over a similar route and in direct
appeals to the American public ask
that the country ratify his proposal
for American participation in the in-
ternational arbitration court.

Congress has provided for additional
funds for an extended speaking tour
by the president.

Last year the president spent less
than half his annual \$25,000 traveling
fund. In the deficiency bill passed in
the closing hours of congress, it was
provided that this unexpected balance
might be added to this fund.

Congressional leaders were inform-
ed that the president would go to the
Pacific coast and probably to Alaska.
Along the route he is certain to
make speeches with the prospect that
during the tour he will deliver 15 to
25 important addresses. Much of the
criticism of the Harding foreign policy
has come from the west.

Hughes, who is generally credited
here with being responsible for the
proposal, is expected to deliver a se-
ries of speeches in the east while the
president is making his first visit to
the far west.

ALLEGED INDICTMENTS ILLEGALLY BROUGHT

Fargo, March 6.—Alleging indict-
ments against all former officials of
the Scandinavian American bank
here were illegally brought, attor-
neys for H. J. Hagen, Seattle, former
president of the bank sought a
demurrer today. The arguments
were expected to take two days.

The indictments were brought last
fall, following closure of the institu-
tion. It was alleged state deposits
were handled illegally and that offi-
cials of the bank knew its condition
before it was closed and concealed
the facts from the state examiner.

Attorneys for the defendants al-
leged the grand jury was illegally
prejudiced, that the indictments
were illegally brought, and that the
court erred. A change of venue was
taken to Ransom county last fall,
but by stipulation attorneys agreed
to appear before Judge George Mc-
Kenna here to argue the demurrer.

CHARGES UNLAWFUL DIVERSION OF WATER

WISCONSIN GOVERNOR ASKS
OTHER STATES TO JOIN IN
SUIT AGAINST ILLINOIS

(By United Press)
Madison, Wis., March 6.—Governor
John J. Blaine for the state of Wis-
consin today wired the governors of
Minnesota, Michigan and Indiana
asking them to join Wisconsin in her
suit in the United States supreme
court against the state of Illinois.
The suit asks that the Chicago
drainage district be enjoined from
the "unlawful" diversion of waters
from Lake Michigan.

MINISTERS OF CITY AT DINNER

President, Rev. S. M. Kelly, Presides
as Toastmaster on Monday
Evening

BETHLEHEM CHURCH PARLORS

Speakers were D. H. Fullerton, Mr.
and Mrs. W. H. Gemmell, and
Rev Arthur C. Smith

The regular semi-monthly meeting of the Ministerial Association of the city was held in the Bethlehem Lutheran church parlors on Monday evening. The evening opened with a dinner, served by the ladies of the church. Following the dinner President Kelly, acting as toastmaster, said that even the clergy were willing to learn, public opinion to the contrary none the less, and that as it was their privilege to tell the people in the pews what they thought of them for fifty-two weeks in the year they were now here to hear the other side, to hear what the layman thought of the preacher.

He then called on D. H. Fullerton, who responded with a talk on: "What the Pulpit may learn from the Bar." Mr. Fullerton said he was not there to criticize or "tell them anything" but rather to show something of the intimate relationship between the two professions, and pointed out that the effectiveness of the pulpit and the work of the lawyer was in inverse ratio, that were it possible for the pulpit to reach 100 per cent of the people of the community to which it ministered, and guide it, there would practically be no necessity for law as at present practised. He pointed out that the people who were really beautiful in life were those whose beauty was the result of pure character. The work of the pulpit was to show the way to pure character. The opinion that was afloat that there was a controversy between science and the church was a mistaken one and proving his point by one or two illustrations of the fact that the controversy arose because some men wanted to prove by their own laboratory test some things which did not belong to that department of science and could not be weighed on their scales.

President W. H. Gemmell of the M. & I. was next called on and, in the opinion of many present, touched the crux of today's situation by saying that "Unless the materialism of the age was checked, our Christian civilization must disappear as those of past centuries, about which we were learning new things."

Mrs. W. H. Gemmell then spoke on the relation of the work of social service to the church's activities. She stated that following an experience of some years ago, when there was a question on the part of some of the

RESOLUTION

Whereas the present water works system is inadequate to supply the consumers with water and inadequate for fire protection and whereas it is necessary to extend, enlarge and improve the present water works system by constructing and extending water mains to that part of the city lying west of the Mississippi River, the same being platted and known as West Brainerd, and

Whereas the funds in the treasury of the city available therefor are not sufficient for such purpose, and

Whereas, in order to extend, enlarge and improve the municipal water works system, it has become, and is absolutely necessary to issue and sell the city's bonds in the sum of Fifteen Thousand Dollars (\$15,000.00) to construct such extensions, enlargements and improvements, such bonds and interest to be paid from revenues of the Water and Light Department.

Now, Therefore, Be It Resolved by the City Council of the City of Brainerd that the bonds of the city be issued and sold in the sum of Fifteen Thousand Dollars (\$15,000.00), the proceeds thereof to be used in payment of the necessary expenses in constructing necessary extensions enlargements and improvements of the present municipal water works system, said extensions, enlargements and improvements to be made in the platted portion of the city known as West Brainerd, and said bonds to be payable ten (10) years from the date of such issue and shall draw interest at the rate of five (5) per cent per annum; and that the question of the issuance of said bonds be submitted to the electors of the City of Brainerd at the regular city election held on April 3rd, 1933, and that City Clerk prepare necessary notices and ballot slips for the submission of the question of the issuance of such bonds to be voted on at said election.

Adopted 5th day of February, 1933.

J. H. STRICKLER,
President of the Council

Approved 5th day of February, 1933.

leaders of the church as to whether it should be reckoned as a department of the church's work, she was now glad it had come into its own and was being recognized on the same plane as religious education and the department of missions.

Rev. Arthur C. Smith, responding for the association, thanked the speakers for the messages they had brought and expressed the desire that more such meetings might be held in the future, when the pulpit might really learn from the pew.

Covers were laid for twenty-four, which included the wives of the ministers as well as the guests.

65,000 LAG IN AUTO TAX PAY, SAYS HOLM

St. Paul, March 6.—At least 65,000 automobiles are being operated throughout the state without proper license plates, Mike Holm, secretary of state, announced yesterday, in urging all car owners to apply for licenses as early in March as possible and save themselves further fines.

Owners who do not intend to run their cars until April 1 should apply early in March and plates will be delivered to them April 1. Mr. Holm said. After that date licenses are due whether cars are being used or not. Collections from licenses from Jan. 1 to March 2, the last day on which cars could be operated with a 1922 license without a penalty totaled \$2,940,681, he said.

Her Ninth Birthday

Mary Jane Wilson celebrated her ninth birthday Saturday evening by entertaining nine of her little playmates.

After playing games and having refreshments, the little folks departed, saying they all had such a good time.

Little Jane was the recipient of many pretty presents.

Articles of Incorporation of Squaw Point Co-Operative Telephone Company

For the purpose of forming a co-operative telephone company under Chapter 23, Laws of 1921, the undersigned do execute the following articles of incorporation.

1. The name shall be Squaw Point Co-Operative Telephone Company. The general nature of its business is to own and operate a rural telephone business and it shall have all necessary incidental powers to that end and the principal place of the transacting of the business of the company shall be at Brainerd, Minnesota.

2. The Company shall commence on March 1, 1933, and the period of its duration shall be thirty years.

3. The incorporators of this company are B. L. Lagerquist, Mark Cottingham, John M. Bye, O. F. Erickson and Martin H. Nelson, all residing at Brainerd, Minnesota, and Henry White and Joseph Baakkanen, both residing in Fairview Township, Cass County, Minnesota, and from that number the following named shall be the first board of directors, which shall be composed of five persons and in which the management of the company shall be vested, to-wit: Henry White, John M. Bye, B. L. Lagerquist, O. F. Erickson and Mark Cottingham.

4. The first officers of the company shall be president, Henry White; vice president, John M. Bye; secretary-treasurer, B. L. Lagerquist; who shall, together with said directors, hold their offices until the first annual meeting of the company which shall be held hereafter on the first Saturday in November, at 10 o'clock in the forenoon, in each year at the principal place of business of the company, at which meeting the board of directors shall be elected by ballot by and from the stockholders and as soon as practical after their election the directors shall elect from their number a president, vice president and secretary-treasurer.

5. The capital stock of this corporation shall be two thousand dollars (\$2000), which shall be divided into two hundred shares of the par value of ten dollars (\$10) each, and which shall be paid in cash or its equivalent in such manner as required by the board of directors.

6. The highest amount of indebtedness or liability to which the company shall at any time be subject shall be one thousand dollars (\$1000).

In Testimony Whereof, we have subscribed the same this 26th day of February, 1933.

BUYS BRAINERD LUMBER & FUEL CO.

Wm. Nelson, Long Resident of City,
Purchases Interests of A. T.
Fisher

WILL CARRY FUEL, FLOUR, FEED

Remodeling and Changes to be Made
to Property to Improve Its Efficiency

March first ushered in several business changes in Brainerd, the latest to be reported is that Brainerd Lumber & Fuel Company at 316 South Broadway, which Wm. Nelson has just purchased from A. T. Fisher.

Mr. Nelson needs no introduction in this city. He has been a resident of Brainerd for twenty-eight years, first employed by the Brainerd Lumber Company, then as chief of police, later as a clerk in the Northern Pacific shops. He then went into municipal work serving as city assessor and then for twelve years was secretary of the Water & Light Board, which he left to take up similar employment at Long Prairie.

He held this position two years, returning to Brainerd last spring, and has since been secretary of the Building and Loan Association, which office he still holds. He has many friends in the city who will be glad to hear of his new undertaking and wish him the greatest success.

Mr. Fisher has also been a resident of this city and is well and favorably known. At one time he was in the coal business on the north side, and later became associated in the Mahlum Lumber Company. Following that, he became interested in the Gruenhagen Co., severing his

connections there to go into the fuel business in partnership with A. C. Weber.

He purchased Mr. Weber's interest and again became associated with the Gruenhagen Co., leaving that company last fall to devote his entire time and attention to the fuel business.

It had been the intention of Mr. Fisher to take into the Brainerd Lumber & Fuel Company, F. M. Hagerberg and expand the business by adding a full line of lumber, but Mr. Nelson's offer was accepted instead.

The new owner will carry a complete line of fuel, flour and feed. The property purchased consists of new coal sheds, a warehouse and a dwelling house used as an office. It is Mr. Nelson's plan to remodel this house so that more adequate office room and storage space for the stock of flour may be had. Mr. Nelson takes much pride in his flour line, it being the Universal brand manufactured in Duluth.

Mr. Fisher is undecided as to the future, but intends to take a vacation and visit relatives in Wisconsin for a time, before making any definite business arrangements.

ST. FRANCIS GUILD

Will be Entertained Wednesday
Afternoon at K. C. Hall by a
Group of Ladies

St. Francis guild of St. Francis Catholic church will be entertained on Wednesday afternoon at 2:30 o'clock at the K. C. hall, by this group of ladies acting as hostesses:

Miss Kate Kelly, Mrs. J. W. Koop, Mrs. Fred Kimball, Mrs. Walter F. Kunitz, Mrs. J. Koeppel, Mrs. J. Kinsmiller, Mrs. John Koop, Mrs. Kohlhaas, Mrs. M. Kratcher and Mrs. G.W. Smith.

WANT AD MAKES SALE OF STORE

Mrs. Lily Lemire Sells Her Confectionery Store at 790, 4th Ave.

LATTER OLD RESIDENT OF CITY

Will Carry Good Supply of Light
Groceries, Confectionery and
Ice Cream

Dispatch want ad again to the front!

Mrs. Lily Lemire, proprietor of a store at 720 4th Avenue Northeast wished to sell out.

She placed a want ad in the Dispatch, and after two insertions, had a buyer—Joseph Schwartz.

Mr. and Mrs. Schwartz are old residents of Northeast Brainerd, he having been foreman of the Parker-Topping foundry for 23 years.

Mr. Schwartz will carry a good supply of light groceries, confectionery, tobacco and ice cream.

The store has been redecorated and painted in white, making a marked improvement in appearance.

Mr. and Mrs. Schwartz will be pleased to have their many friends call on them in their new venture.

Evangelical Church Aid

The ladies aid of the Evangelical church meets Thursday afternoon in the basement of the church. All members and friends are asked to be present. Mesdames J. Purdy, H. Brooks, C. Brooks, H. Krueger and L. Strothman will entertain.

Easter Sale

The Ladies Aid of the First Congregational church will hold an Easter sale in the social rooms of the church on Saturday, March 24th.

KELLOGG'S BRAN will free you from Constipation because it is ALL BRAN!

When health demands bran, get Kellogg's because it is ALL BRAN! It is scientifically prepared so as to give you relief that is possible of no other food. Fight constipation to the last ditch and fight it with Kellogg's Bran! Foods with a low bran content can never give constipation sufferers permanent relief!

Every delicious spoonful of Kellogg's Bran you eat—as a cereal, sprinkled on hot or cold cereals or cooked with hot cereals—helps rid your system of constipation! It helps free you from dangerous toxic poisons which head you to Bright's disease, diabetes, headaches, rheumatism, dulled brains, bad breath, pimples, etc.

Kellogg's Bran assures permanent relief if it is eaten regularly—at least two tablespoonfuls each day; as much with each meal in chronic

cases. Bran sweeps the bowel tract, cleansing and purifying in a natural way. It causes no distress or irritation—but gives positive action that will give the sufferer natural control.

Every member of your family can be saved from constipation by Kellogg's Bran. Realize what it means to health; understand also its great value as a body-building food! (Kellogg's Bran contains the important mineral salts and many of the vital food elements.) You can make up delicious baking-batches with Kellogg's Bran as well as using it with cereals. Recipes on every package.

Kellogg's Bran, in individual packages, is served by leading hotels and clubs. Ask for it at your restaurant. All grocers sell Kellogg's Bran.

The ladies aid of the Evangelical church meets Thursday afternoon in the basement of the church. All members and friends are asked to be present. Mesdames J. Purdy, H. Brooks, C. Brooks, H. Krueger and L. Strothman will entertain.

Easter Sale

The Ladies Aid of the First Congregational church will hold an Easter sale in the social rooms of the church on Saturday, March 24th.

Can a Woman Hold a Hand And Still Be a Home-Maker?

This woman wore a kitchen apron oftener than any other garb and her pies were a delight. (But—Her husband and daughters were ashamed of her as behind the times. She stepped out into a new world, full of honors and appreciation. As she climbed her family slipped into disaster. Then she sacrificed her ideals and ambitions to again become the home-builder.

THE ORIGINAL HAS THIS SIGNATURE

W. H. Kellogg

KELLOGG COMPANY
BATTLE CREEK, MICH. AND TORONTO, CAN.

KELLOGG'S BRAN will free you from Constipation because it is ALL BRAN!

When health demands bran, get Kellogg's because it is ALL BRAN! It is scientifically prepared so as to give you relief that is possible of no other food. Fight constipation to the last ditch and fight it with Kellogg's Bran! Foods with a low bran content can never give constipation sufferers permanent relief!

Every delicious spoonful of Kellogg's Bran you eat—as a cereal, sprinkled on hot or cold cereals or cooked with hot cereals—helps rid your system of constipation! It helps free you from dangerous toxic poisons which head you to Bright's disease, diabetes, headaches, rheumatism, dulled brains, bad breath, pimples, etc.

Kellogg's Bran assures permanent relief if it is eaten regularly—at least two tablespoonfuls each day; as much with each meal in chronic

cases. Bran sweeps the bowel tract, cleansing and purifying in a natural way. It causes no distress or irritation—but gives positive action that will give the sufferer natural control.

Every member of your family can be saved from constipation by Kellogg's Bran. Realize what it means to health; understand also its great value as a body-building food! (Kellogg's Bran contains the important mineral salts and many of the vital food elements.) You can make up delicious baking-batches with Kellogg's Bran as well as using it with cereals. Recipes on every package.

Kellogg's Bran, in individual packages, is served by leading hotels and clubs. Ask for it at your restaurant. All grocers sell Kellogg's Bran.

DIVISIONS IN MINNEAPOLIS

It is so easy to say, when things are going wrong in a smaller city, that larger cities get along no better than smaller ones, and that, if the larger city fails to unify its citizens and interests, the smaller city cannot be expected to do so. But the fact is that either the larger or smaller city may have unified interests working together for the city's good. Disunity is not a matter for pride or self-congratulation; it invites humility and self-examination.

During the last few months Minneapolis has stood out as a city that could not unite its forces. First came the division over the granting of power rights to Henry Ford, then some citizens attempted to make the goat of the chief of police, and when a large hotel is contemplated, one of the largest newspapers in the Northwest sends out an S O S call to the well-to-do citizens who have failed to subscribe, to come forward and offer their support to the citizens who are interested in building this hotel.

The Ford interests are going to bring a big enterprise to the Northwest but the program was not aided by the division in Minneapolis. The project will be put through, in spite of this division of opinion that threatened it. The indictments against the chief of police are not likely to stand, but they will so affect the political life of the city that a radical mayor may be elected over the present mayor whose policy is under fire through the attack upon the head of the police department. It is almost certain that the money for the hotel will be advanced but only after an emergency call had been made to those able to finance it.

Minneapolis is taking stock of itself and is not boasting over these divisions of opinion that are subversive of the city's best interests. And just as Minneapolis is aiming at securing a closer unity of its interests, after being rudely awakened to the fact that the city is working at cross purposes, so other cities may well attempt to further a unity of policy and program. Divisions are not a blessing but a curse to any community. Those who lead them, and refuse to attempt to reduce friction between various interests, are not helpful citizens, whether they represent money or labor. There is strength in unity, and disunity makes for weakness.

Brainerd will do well to give heed to the lessons that are so obvious when, after the industrial disturbance of recent date, it is again attempting to function in an orderly, peaceful and forward-looking manner.

FRANCE PUSHES ON

It is impossible to predict whether France will be able to continue her aggressive methods or whether Germany will be able to hold to her policy of non-resistance. Just how long the people of these countries will support their governments in their present policies cannot be determined. It would seem, that unless France is influenced by some motive other than the collection of reparations, her present policy must soon come to an end. It is so much of the character of the killing of the goose that may lay the golden egg that, unless France is intent upon getting, not the egg but, killing the goose, her aggression will soon be checked by popular demand.

Indications point to the fact that France is playing a hand that contains good cards. She is calling for a shown-down on the part of three nations. She holds better cards than Germany, and is inviting not only Germany but also Italy and England to show their cards.

England has retired from the game for an interval and Italy is becoming suspicious of French policies. At present France is bidding for Italian workers to enter French territories to develop French resources. Whether Italy will agree to such a proposal remains to be seen, but it is almost certain that England will object to such a plan which would mean the loss of the Italian coal market which is so largely supplied by English mines.

People are coming to see that France is playing for large stakes, that the economic questions are paramount, that the matter of reparations is unimportant as compared with the larger program in Europe, and that there is a grave danger that this economic struggle will lead to the same dread results that a similar struggle brought about in 1914. While agreeing that France is entitled to reparations, other peoples will not concede that a policy that threatens a world catastrophe is justified.

A recent cartoon which shows the dead of the allied nations standing among their graves, and has as its title "In Vain," seems to sum up the present situation in Europe.

A CONCRETE CASE

AN automobile traveling at high speed between Baltimore and Washington struck a bridge, and a young lady passenger was thrown to the ice of the river below and broke her neck. Her male escort was arrested and evidences of bootlegging were found about the car. A lieutenant of the Washington police identified the man as one of the largest traffickers in bootleg whiskey at the national capital, and the records showed that he had been arrested less than a month before on a charge of selling liquor.

Here is a concrete case of lax law enforcement, with the blame apparently resting equally between the police and the courts. The man had been arrested, but the courts did not see fit to lodge him in jail and he was permitted to pursue his trade. The police seemed to pay no further attention to him, although they admitted knowledge of his persistent law-breaking. The fatal accident in connection with one of his bootlegging excursions was the result of official negligence.

With slight change in the circumstances, the incident can probably be duplicated in every state. There are doubtless thousands of bootleggers well known to the police who could be sent to jail if the arresting officers and judges would perform their plain duty. Such a situation is not due to any lack of personnel, neither does it require the services of a great detective to locate the culprits. The latter are already known in many cases and can be picked up and sent to prison whenever it suits the convenience of our public officials.

It is said that King Tutankhamen was both a Mason and a Lion. Possibly he had the same trouble in keeping up with his dues that men have today.

OTHER PEOPLES' OPINIONS

MARKET HERE FOR BRAINERD MADE CLOTHING

Editor Dispatch:

Since coming to Brainerd nearly a year ago I have read articles in the local press and listened to discussion, in the homes and among the business people, regarding the need of additional industries to promote the growth and development of our city and provide work for the surplus labor, especially among the young women of our community.

Without going into the cause, it is a well known fact that girls of the present generation do not take kindly to domestic service; preferring to work, in some cases, for less pay in stores, offices, laundries etc., where the hours are regular and conditions more to their liking. As work of this nature in Brainerd is limited a large number of our girls who do not care to enter domestic work, have the alternative of going to the bigger cities to seek employment or, of remaining at home with idle hands.

I believe everyone will agree that it is preferable to keep our young folk at home and among friends—provided we can find creative work to engage their time and minds; that it will be better for them and better for the community.

Assuming the above to be a fact why not keep them at home and busy?

Brainerd employs normally about two thousand workers, nine-tenths of whom are railroad and paper mill employees. Altogether we are a community of ten thousand inhabitants—all working people—who in our everyday occupations wear out our share of working clothes; shirts, jumpers, overalls for the men; house dresses for the wives; also blouses, shirts, bloomers and dresses for the children. A goodly share of these articles are purchased ready-made from our merchants who first have to buy them in other cities.

Why do we not manufacture these articles here? If our dealers could buy a article of equal value and price made in their own town, surely they would patronize home industry as a means of keeping money at home and providing work for their fellow townspeople.

There is, no doubt, among our people an energetic, capable seamstress with the necessary business ability to start such an enterprise. The beginning could be small as well as the capital required; indeed, the moral support of our merchants and people would be of greater importance than amount of amount required to start the proposition. Start with two or three power machines, making the simpler articles and let the business expand as experience and demand justifies. The location need not be an expensive one to begin with. If no one cares to finance the project let the merchants through their Civic and Business Association pick out and back some woman capable of starting it off; letting the profits—after providing for overhead expenses and a certain sum of expansion—accrue to the employees according to their ability and effort to produce.

Once production is successfully started we will have not only our own needs to supply but the Range and Minnesota and International country to draw on as a market. Indeed, by manufacturing articles of dependable value, need we confine our territory or ultimate growth?

As a guarantee of faith in such a proposition I will pledge to buy all locally manufactured needed articles in preference to those made elsewhere. I believe a great majority of our people would do likewise—provided of course that quality and price were equal.

The above is not written in a sense of criticism—unless it may be termed constructive—of past discussions regarding the possibility of influencing industries to locate here. Discussion is alright, necessary in fact, and any number of good things may result from it: Mr. Ford may sometime develop our marl deposits; some concern may decide to manufacture peat briquets in Brainerd. It is to be hoped they do and we should keep keenly alive to the possibility by advertising our natural resources and offering encouragement at every opportunity.

In the meantime let's take right hold of something we CAN DO and DO IT!

Very truly yours,
CITIZEN

A. A. WHITE GIFT OF PARK SITES

Brought to Attention of City Council
by Civic & Commerce Association Committee

NEW BUILDING ORDINANCE City Engineer Recommended an Advisory Council to Assist in Drafting Same

The matter of accepting the A. A. White gift of property owned by him south of the new court house and another plot near Codyville addition, was again brought to the attention of the city council at their regular meeting on Monday evening.

A committee from the Brainerd Civic & Commerce Association, consisting of Dr. W. A. Erickson, Hilding Swanson and B. L. Lagerquist, appeared before the council to ascertain what action that body intends taking in regard to the White offer.

At a previous meeting when this matter was considered it was placed in the hands of the property committee, of which H. F. Michael is chairman, for further investigation. Mr. Michael was absent at Monday evening's meeting, so that no report could be made on the action of his committee, but a motion was made to have the committee from the Civic & Commerce Association meet with the property committee to take up Mr. White's offer and report at the next regular or special meeting of the council.

A bill of \$100 presented at a previous meeting of the council by the city assessor, Hugo Schwarzkopf, for extra clerical services, and at that time laid on the table, was again brought up on Monday evening, and by the action of the council not allowed.

New Building Ordinance

The city engineer presented forms for a new building ordinance for the city of Brainerd, recommending that the council secure information through such men as are interested in the various building trades, these men to form an advisory committee to assist a committee from the council in drafting a suitable ordinance, the council committee to consist of the city engineer and property committee.

Back Babcock Bond Issue

A resolution was adopted approving the general plan of the state highway department for the issuance of bonds aggregating twenty millions of dollars. The resolution adopted requests the representatives from this district in the legislature to do all possible in their power to assist the highway department in getting the necessary legislation.

H. McGinn, chief of the Fire Department, filed a report of the supplies needed by his department, and the matter was referred to the Fire committee and purchasing committee with power to act.

The reports of the city dairy inspector, clerk of the municipal court and chief of police were read, accepted and ordered placed on file. These reports will be published in the Dispatch.

Applications were received for milk licenses from Hagberg and Johnson and Swan Peterson, and same were granted.

The inspectors who recently made a fire inspection of the city, filed their report with the council as to the conditions of the Northeast Brainerd house, same being placed on file.

Ash Avenue and Mill Street

The city engineer and chairman of the finance committee appeared before the board of county commissioners at their meeting Saturday and discussed the work being done on Ash Avenue and Mill Street, and reported on this matter at the council meeting. The matter was referred to the city engineer, and the chairman of the street and finance committees to report at the next meeting.

A bill from Frank & James for \$33 worth of mittens furnished the fire department during the recent Koop fire, was referred to the fire committee for investigation before any action is taken on it, this committee to report at the next meeting.

The usual bills were allowed subject to the approval of the finance committee. All members of the council were present with the exception of Alderman Michael, Witham and Noggle.

Prepare for City Election

The matter of voting places in the newly organized precincts of the third ward was brought up in reference to the coming city election on April 3rd, by the alderman from the third ward.

The polling place for the first precinct will be the Northeast Brainerd

house, and in the second precinct the Lowell school.

The judges in the first precinct of the third ward will be Mrs. Margaret Herbert, Joseph Skarold and William Wilbur and in second precinct Mrs. Mable Kelly, C. A. Stanley and George Green.

WHAT IS A FLAPPER? CONTEST IS NOW ON

Answers in the New Park theatre flapper contest are beginning to pour in on the contest editor at the Dispatch. There will be prizes of two tickets each to the ten best answers, admitting to the coming show "The Beautiful and Damned". Your definition is limited to 50 words. Contest closes March 12.

Subject to Epidemic
Ludwig Dahl writes: "A flapper is a young girl subject to an epidemic that will pass with the lack of attention. As a rule in love with herself and her cake eater friends (to the extent of a flirtation). Very little below the knees and less above the shoulders."

Attracts Men
Fred Walters writes: "A flapper is one whose object in life is to attract men. Short skirts, low heeled shoes and a peculiar, little wiggle when she walks goes to make up her general appearance. They are usually very careless with the rouge box and lip stick and curling iron."

RAILWAY AND CITY OFFICERS IN RAID

Allege They Recovered Much Property
Belonging to the Railway
Company

WARRANT FOR TOM VERKENNES

To Be Given Hearing in Municipal
Court on Charge of Taking Property and a Liquor Charge

The agents of the Northern Pacific, assisted by the local police, raided the premises of Frances Verkennes at 214 Front Street Tuesday morning at 11 o'clock, and recovered much property alleged to have been stolen from the railway company.

The agents making the raid were Ryan and Jacobson, and were aided by Chief Erick Graft, Captain Henry Abrahamson and Officer Oscar Risberg. Warrants were issued by County Attorney Walter F. Wieland.

The property seized included hatchets, chisels, shovels, picks, a jack screw and two tons of coal. The police also located eight bottles of moonshine, hidden in a duck boat that was suspended under the roof in a shed.

Tom Verkennes, for whom the warrant was issued, was not at home, and was picked up on the street during the noon hour by Officer Risberg. In his pocket was found the key to the shed where the liquor was seized, but Verkennes disclaims all knowledge of its being located there.

According to the railway agents, Verkennes hauled the coal, in all about three tons, from a gondola car sidetracked in the vicinity of his home, using an old bath tub on a sled, and completing his job in about three hours one night.

Verkennes is to be given a hearing in municipal court at 3 o'clock this afternoon, on two charges, one of taking property belonging to the railroad company, the other for having liquor in his possession.

He was employed in the shops before the strike, but since that time has been idle with the exception of odd jobs that he picked up here and there.

ENGINEER LOOKS UP MARL BEDS

Bob J. Malloy, Geologist of Mining and Oil Districts of Montana, Investigating

REPRESENTS LARGE INTERESTS

Minnesota Gas & Mineral Co. Has
Employed Mr. Malloy the
Past Year

Bob J. Malloy, well known geologist of the mining and oil districts of the Rocky Mountain regions, is in Brainerd conferring with County Highway Engineer Walter M. Murphy, and others in regard to marl or natural lime deposits in the Brainerd district.

Mr. Malloy represents big interests who are looking over the marl deposits in this field, most probably with a view to establishing a cement plant here.

When interviewed by the Dispatch representative, Mr. Malloy was non-committal as to the real plans now on but it is known that he has done much work on marl deposits in this state.

As marl is used as a soil corrective agent as well as for cement, it is presumed that his presence here is to examine for marl or both purposes.

The Minnesota Gas & Mineral Co., a Sauk Centre corporation, organized for the purpose of commercializing certain beds of marl in the state, for fertilizer purposes, has had the services of Mr. Malloy for more than a year with the result that this company will this spring and summer begin shipping marl for fertilizer to the farmers in central Minnesota.

That Mr. Malloy is interested in the marl for cement purposes is also conceded to be a fact.

Plans are being made to take the visitor over the principal deposits of the county on an investigation tour, of which more can be said at a later date.

Mr. Malloy has given the geology of Minnesota an exhaustive study and presents a most interesting history of the state dating back hundreds of thousands of years before the present age as recognized by that science.

ANDREW BLOOM CALLED TO REWARD

Pioneer Farmer Died at Home in
Nokay Lake Township from
Complications

FARM SIX MILES FROM CITY

Leaves to Mourn his Wife, Daughter-in-law and Other
Relatives

Andrew Bloom born Sept. 16th 1844, died at his home March 5th, at 11:40 from a complication of diseases.

He came to America from Dalsland, Sweden April 27th 1882 and was married to Sophie Anderson of Dalsland, Sweden Dec. 23rd, 1882, at Brainerd. He settled at Gull River and later moved on a farm in Nokay Lake township 6 miles from Brainerd where they are still residing.

Three children were born to them, all of whom have passed away, Alma dying at the age of six years, twin boys one dying in infancy and Albin who was drowned Oct. 18, 1917.

He leaves to mourn his loss, his wife, daughter-in-law Mrs. Bertha Bloom, grand child Marcella, and brother-in-law August Lind all of whom reside in Brainerd, also one brother and two sisters in Sweden and near relatives in Tacoma and Brainerd.

Funeral arrangements will be given later.

Stray Bit of Wisdom.

THEATRE PARTY

M. F. D. Stillings of 303 North
Fifth Street, is Hostess on Saturday Evening

(Contributed)
Saturday evening fourteen ladies met promptly at seven—ladies can get their hats straight by a definite time—met at the New Park theatre for a movie party given by Mrs. F. D. Stillings. To be sure, the movie was all about how to treat a romantic husband after he has been your husband for twenty years, and only one, the hostess, had had one, the rest being more or less unattached, yet the moral lesson involved was such that no doubt, when twenty or more years have passed, they will recall vividly the object lesson of the movie and go walking with said husband in the moonlight.

After the performance, they all adjourned to the Olympia, where tables had been reserved and a delicious lunch of fancy sundaes and angel food was served. "A good time was had by all."

CHARGED WITH TAKING CURRENT

C. J. Schiel in Municipal Court on
Complaint of Water and Light
Board

PLEADED GUILTY, SENTENCED

Civil Suit May Also Follow to Recover \$70, Amount of Current
Alleged Used

The Brainerd Water & Light Board could well qualify for service with any large detective agency, after a recent ferreting out of facts upon which C. J. Schiel, 115 First avenue N. E. was brought up in municipal court Tuesday morning and plead guilty to a charge of altering the electric wiring that comes into his home without the knowledge and permission of the board.

The board became suspicious that current was being used in the Schiel's home that was not registering on the meter, and so on February 3rd a meter was put on that line at the pole where it left the street line.

This meter, according to testimony given, was read on March 1st and showed that 164 Kwh. had been used in the Schiel's house, amounting to \$10.66, while the regular meter in the home only recorded 78c worth of current used.

W. D. McKay, who furnished this data, stated that the records of the Water and Light Board indicate that the change was made probably in August, and the board defrauded during the past seven months.

Schiel plead guilty to the charge and was fined \$25 or thirty days in the city jail. He choose to serve out his sentence. He stated in court that he had changed the wiring so that current was taken from behind the meter about September.

The city is bringing a civil suit to recover \$70 which is alleged as being the amount of current so taken during the past seven months.

NOW!

"Old Settlers" list closes March 7. If you came to Brainerd over 30 years ago, send me your name and the date. No charge. Over 500 old residents are already included. Help make the roster complete.

The price of the history is \$2.00 if ordered in advance. Pay on delivery. Order now. No second edition.

B. P. W. TEA SUNDAY

Come 50 Members in Attendance
Showed Honors to Invited Guests
at New Club Quarters

(Contributed)

The B. P. W. had a tea Sunday, or can one say a "cocoa"? It was well attended, some fifty members and guests assembling to chat and partake of refreshments. Though the rooms are small, it wasn't necessary to "giggle, gobble, gabble, git" as the poet has it but plenty of time and space to sit and converse with various friends. So many lines of work are represented in the club that many of the members seldom meet except at these or the business meetings, so it's an excellent get-together.

The rooms are most attractively furnished. There is a grill and sufficient dishes for a party, and a cozy and home-like atmosphere that in all probability brings out more get-together parties than did the large hall.

The hostesses were Sigrid Carlson, Sal Schellin and Alma Moigren, who served excellent hot bread sandwiches and fancy cookies.

The club is looking forward to giving some entertainment in April, with amateur vaudeville and some sort of dramatics, not yet definitely decided upon. They showed last year what they could do in that line, and hope this year to eclipse their former record.

A. A. WHITE GIFT OF PARK SITES

Brought to Attention of City Council
by Civic & Commerce Association
Committee

NEW BUILDING ORDINANCE

City Engineer Recommended an
Advisory Council to Assist in
Drafting Same

The matter of accepting the A. A. White gift of property owned by him south of the new court house and another plat near Codyville addition, was again brought to the attention of the city council at their regular meeting on Monday evening.

A committee from the Brainerd Civic & Commerce Association, consisting of Dr. W. A. Erickson, Hilding Swanson and B. L. Lagerquist, appeared before the council to ascertain what action that body intends taking in regard to the White offer.

At a previous meeting when this matter was considered it was placed in the hands of the property committee, of which H. F. Michael is chairman, for further investigation. Mr. Michael was absent at Monday evening's meeting, so that no report could be made on the action of his committee, but a motion was made to have the committee from the Civic & Commerce Association meet with the property committee to take up Mr. White's offer and report at the next regular or special meeting of the council.

A bill of \$100 presented at a previous meeting of the council by the city assessor, Hugo Schwarzkopf, for extra clerical services, and at that time laid on the table, was again brought up on Monday evening, and by the action of the council not allowed.

New Building Ordinance

The city engineer presented forms for a new building ordinance for the city of Brainerd, recommending that the council secure information through such men as are interested in the various building trades, these men to form an advisory committee to assist a committee from the council in drafting a suitable ordinance, the council committee to consist of the city engineer and property committee.

Back Babcock Bond Issue

A resolution was adopted approving the general plan of the state highway department for the issuance of bonds aggregating twenty millions of dollars. The resolution adopted requests the representatives from this district in the legislature to do all possible in their power to assist the highway department in getting the necessary legislation.

H. McGinn, chief of the Fire Department, filed a report of the supplies needed by his department, and the matter was referred to the Fire committee and purchasing committee with power to act.

The reports of the city dairy inspector, clerk of the municipal court and chief of police were read, accepted and ordered placed on file. These reports will be published in the Dispatch.

Applications were received for milk licenses from Hagberg and Johnson and Swan Peterson, and same were granted.

The inspectors who recently made a fire inspection of the city, filed their report with the council as to the conditions of the Northeast Brainerd hose house, same being placed on file.

Ash Avenue and Mill Street

The city engineer and chairman of the finance committee appeared before the board of county commissioners at their meeting Saturday and discussed the work being done on Ash Avenue and Mill Street, and reported on this matter at the council meeting. The matter was referred to the city engineer, and the chairmen of the street and finance committees to report at the next meeting.

A bill from Frank & James for \$33 worth of mittens furnished the fire department during the recent Koop fire, was referred to the fire committee for investigation before any action is taken on it, this committee to report at the next meeting.

The usual bills were allowed subject to the approval of the finance committee. All members of the council were present with the exception of Alderman Michael, Witham and Noggle.

Prepare for City Election

The matter of voting places in the newly organized precincts of the third ward was brought up in reference to the coming city election on April 3rd, by the alderman from the third ward.

The polling place for the first precinct will be the Northeast Brainerd

hose house, and in the second precinct the Lowell school.

The judges in the first precinct of the third ward will be Mrs. Margaret Herbert, Joseph Skarold and William Wilbur and in second precinct Mrs. Mable Kelly, C. A. Stanley and George Green.

UNITED STATES NOW AFTER SKATING CROWN

By HENRY L. FARRELL
United Press Sports Editor

New York, March 6.—One of the few world's championships that has escaped the American lasso is the speed skating crown.

Oscar Mathieson, the Norwegian, holds the title and he has been holding it tighter than Johnny Kilbane is grasping his featherweight headpiece.

Three years ago, Uncle Sam sent Bobby McLean over to "take" Mathieson, but he got "took" instead and came back home howling that a flagman had steered him on to the wrong course and caused him to lose a race that would have won the title for him.

Movies taken of the race showed that if Bobby took the wrong track at one of the "crossroads," it was his own fault.

McLean, in going to a strange country and a strange climate, made the same mistake that so many American athletes make in foreign countries. He was too cocky and too confident. He made his plans so that he didn't reach the scene until ten days before the race and then he didn't do much training.

He wasn't as good as he thought he was, when the time came for the races and he lost.

Mathieson then dug a hole in the ice for the title and it has been there ever since.

Just recently Mathieson announced that he would be willing to put the crown up and defend it, but he would not consider coming to America. No one denies that it would be unfair to ask him to defend his title any place but at home.

So arrangements are now being made to send Art Staff, Chicago star and the new American professional champion, over after the title. Mathieson is far from a youngster and he hasn't been doing a lot of skating in the last three years. Staff on the other hand is just reaching his prime and he is a wonderful skater. Where McLean was a brilliant sprinter, he was a poor man in the distance events, while Staff is equally capable at short or long distances.

Staff is not thirty years old. On the ball field his years would make him almost a veteran, but on ice he is just about reaching his prime. Mathieson is reputed to be fifty years of age.

If the committee is able to arrange a series of races with the Norwegian, Staff will be sent over six weeks before the race to thoroughly condition himself.

ENGLISH WOMAN DEFEATS MALLORY

(By United Press)

Mentone, France, March 6.—Molla Mallory, American woman tennis champion, was eliminated from the Mentone tournament today, meeting defeat at the hands of the hitherto unheralded English woman, Miss Cadie.

Molla, whom the Riviera had hoped to see meet Suzanne Lenglen world's champion and ancient rival of the American player, lost in straight sets 6-0 and 7-5.

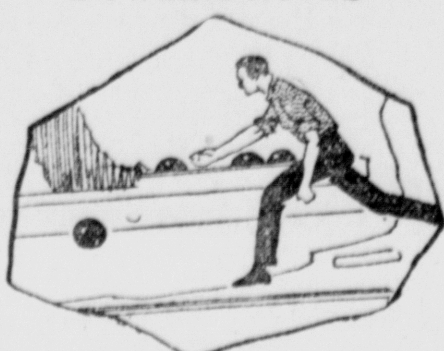

FIVE NATIONS ENTER DAVIS CUP TOURNEY

New York, March 6.—Davis Cup challenges have been received from six more nations, bringing the total to 13, one less than last year's record, the United States Lawn Tennis association announced today. The latest entries are Switzerland, Czechoslovakia, Rumania, Holland, Denmark and Australia, the first five to compete in the European zone and the Antipodeans in the American zone.

It is the first time that Switzerland and Holland have entered teams for the trophy. Entries will not close until March 15, by which time the association hopes to receive challenges from Belgium, Spain and the Philippines, all of which competed in 1922.

The draw for the first round of the tournament will be held Friday, March 16.

BOWLING NOTES

Most of the participants in last evening's City League competition seemed to have an off night, the scores being far below the usual standards. Walt Guin, the "boy wonder," with a 559 total, was the topline, his counts of 192, 182 and 185 standing high for the evening. With the nice total of 229 in the second game Nelson had high individual game of the evening.

On alleys 3 and 4 the Frank & James squad pounded the maples for a two out of three victory over the Study Club with the evening's high total of 2522, chalking up scores of 812, 861 and 849.

The Alderman-Maghan quint held its top position in the league standings by taking two games from the Smraker crew. After winning the first game by 21 pins the A-M's went into a slump, falling down to a 730 score, their antagonists scattering the wood for an 821 count. The hardware lads came back strong in the final game, filling the pits with 843 pins, their opponents trailing behind with 757.

The scores:

STUDY CLUB—				
M. E. Davis	157	141	147	445
Norquist	168	165	158	491
Alton	165	140	139	444
Badeaux	160	163	142	465
Orne	186	125	157	468
Totals	836	734	743	2313

FRANK & JAMES—				
Demmers	156	161	157	474
Nelson	142	220	188	550
White	170	132	143	445
Guin	192	182	183	557
Zwack	152	166	176	494
Totals	812	861	849	2522

ALDERMAN-MAGHAN—				
Zierke	137	131	183	451
Soderlund	164	156	201	521
Maghan	163	128	154	445
Alderman	159	153	135	447
Stephenson	164	162	170	496
Totals	787	730	843	2360

SMRAKER—				
Smraker	145	159	136	440
Cossette	147	143	131	421
Imgrund	153	165	153	471
Sands	150	201	148	499
Sassor	171	153	189	513
Totals	766	821	757	2344

much improvement in their playing is evidenced by the outcome of their last game, in which they beat the Pine River National Guards by forty-four points, when earlier in the season they had been badly beaten by the up-country tea.

It is felt that the public will welcome an outside team's playing as a variation from that of teams they have seen play quite frequently. This battle Wednesday evening will be staged at the high school gymnasium, and the admission fee has been made so low that it is hoped an exceptionally large number of fans will turn out and boost for the home team financially and otherwise.

Montanans Ask Collins to Help in Promotion of Dempsey-Gibbons Go

Milwaukee, Wis., March 6.—Mike Collins, Minneapolis, today received a telegram, accompanied by expenses, to go to Shelby, Mont., to confer with L. A. Sampson, of that place, in regard to the Dempsey-Gibbons match proposed for the Montana city July 4. Collins is wanted to help in putting the match across. He will leave Thursday. If Gibbons accepts Collins as a promoter, the bout is a certainty, as the Montana authorities have passed on the match. Two hundred fifty thousand dollars has been offered the gladiators, \$200,000 of which will go to the champion.

AMUSEMENTS

Mary Alden Great in "A Woman's Woman" at Lyceum

"There was a time when the motion picture screen was but a beauty market, but in the language of the cartoonist, 'Them days is gone forever,'" says Mary Alden, celebrated film star noted for her picturization of the mother type of character.

"Motion picture producers, most of them, have awakened to the fact that the public of today demands genuine dramatic ability as well as good looks and the result is that nowadays even the most beautiful screen aspirant must learn to act if she hopes to reach a really high place in the favor of theatre-goers and to retain that place once attained.

Miss Alden, who is one of the prime film favorites of this city, will be seen here tonight for the last time at the Lyceum in the leading role of "A Woman's Woman," a Charles Giblin production.

In "A Woman's Woman" she again plays the mother role and gives one of the very best of her surpassing characterizations.

Betty Compson's Talent Fully Tested in "The Green Temptation"

Betty Compson leads a dual life in her latest Paramount picture, "The Green Temptation," which will be the feature at the Lyceum theatre, Wednesday and Thursday. As Genevieve, she is an Apache dancer and gem thief in the underworld of Paris and as Coralyne, a dancer of the Parisian high class theatres. Later she enters the war as a Red Cross nurse, assuming the name of Joan Parker, and during the conflict comes her

DORIS PAWN AND BARBARA LA MARR IN AN IMPORTANT SCENE FROM "THE HERO," A PREFERRED PICTURE

In the List of Ten Best Plays "The Hero," the Gansler production which is the feature to be shown at the New Park on Wednesday and Thursday is a picturization of the famous Broadway stage success in which Richard Bennett and Robert Ames were seen on the New York stage last season.

Gilbert Emery, actor and playwright, is the author of the piece

which was first seen at special matinees in the spring of 1921, under the presentation of Sam Harris. Its success led Mr. Harris to withdraw it for regular evening presentations and it reopened some months later at the Belmont theatre. New York critics were unanimous in proclaiming it among the best plays of the year both in structure and dramatic interest.

UNITED STATES NOW AFTER SKATING CROWN

By HENRY L. FARRELL
United Press Sports Editor

New York, March 6.—One of the few world's championships that has escaped the American lasso is the speed skating crown.

Oscar Mathieson, the Norwegian, holds the title and he has been holding it tighter than Johnny Kilbane is grasping his featherweight headpiece.

Three years ago, Uncle Sam sent Bobby McLean over to "take" Mathieson, but he got "took" instead and came back home howling that a flagman had steered him on to the wrong course and caused him to lose a race that would have won the title for him.

Movies taken of the race showed that if Bobby took the wrong track at one of the "crossroads," it was his own fault.

McLean, in going to a strange country and a strange climate, made the same mistake that so many American athletes make in foreign countries. He was too cocky and too confident. He made his plans so that he didn't reach the scene until ten days before the race and then he didn't do much training.

He wasn't as good as he thought he was, when the time came for the races and he lost.

Mathieson then dug a hole in the ice for the title and it has been there ever since.

Just recently Mathieson announced that he would be willing to put the crown up and defend it, but he would not consider coming to America. No one denies that it would be unfair to ask him to defend his title any place but at home.

So arrangements are now being made to send Art Staff, Chicago star and the new American professional champion, over after the title. Mathieson is far from a youngster and he hasn't been doing a lot of skating in the last three years. Staff on the other hand is just reaching his prime and he is a wonderful skater. Where McLean was a brilliant sprinter, he was a poor man in the distance events, while Staff is equally capable at short or long distances.

Staff is not thirty years old. On the ball field his years would make him almost a veteran, but on ice he is just about reaching his prime. Mathieson is reputed to be fifty years of age.

If the committee is able to arrange a series of races with the Norwegian, Staff will be sent over six weeks before the race to thoroughly condition himself.

It is the first time that Switzerland and Holland have entered teams for the trophy. Entries will not close until March 15, by which time the association hopes to receive challenges from Belgium, Spain and the Philippines, all of which competed in 1922.

The draw for the first round of the tournament will be held Friday, March 16.

BASKETBALL

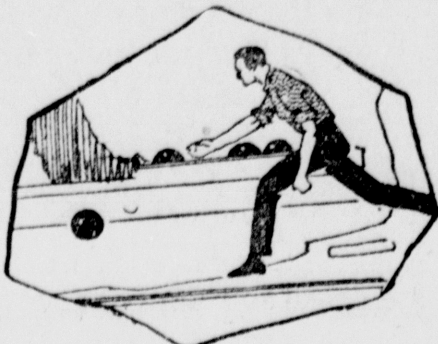

The Y. M. C. A. Colts will keep their basketball season open just as long as there are teams to beat. A game has been scheduled for Wednesday night with the La Crosse Big Five a Wisconsin team that are making a tour of the Northwest, and who have made a record of winning twenty out of twenty-eight games they have played. Their biggest victory was in beating the State Normal champions of North Dakota in two battles.

The Colts feel quite confident that they can show the visitors a real fight, and believe that they have a good chance of winning over the boys from the Badger state. In a game Saturday, Aitkin took the La Crosse team into camp by a score of 31 to 25. This fact encourages the locals and they are putting in a lot of hard work to be in better form for Wednesday's game.

That the "Y" team is showing
